**Description**

**Is your feature request related to a problem? Please describe.**  
During the conversation often it is needed to share files between users, including copy-paste of pictures. Currently, neither chat nor shared notes cannot handle files sharing and picture rendering.

**Describe the solution you'd like**  
Add the functionality to the chat to send files privately or to all of users. Add the functionality to add files to shared notes.

**Describe alternatives you've considered**  
To render pictures from the provided links in the chat and notes, show attachment area in shared notes for attached files.
